SKILLS

Programming Languages -	**JavaScript, HTML, CSS**
Web Frameworks -	**React.js, Redux Toolkit, Tailwind CSS**
Other Tech -	**Git, Github**

PROJECTS

UrbanTrends - Ecommerce (**React**, **Redux Toolkit**, **Tailwind CSS**) Live-Link Github-Link

- Developed a responsive dynamic E-commerce website using React, Redux Toolkit and Tailwind CSS.
- Implemented robust features including product fetching, streamlined search funtionality and seamless navigation with React Router Dom.
- Integrated Redux Toolkit for efficient state management, added a wishlist page and intuitive 'Add to cart' functionality.
- Enhanced user experience with Stripe checkout for secure payments and ensured fully responsiveness using Tailwind CSS.

Car rental (**React**, **Tailwind CSS**) Live-Link Github-Link

- Build a Car Rental website using React and Tailwind CSS, showcasing proficiency in frontend technologies.
- Implemented scroll animations for enhanced user experience and included a Dark Mode feature for improved accessibility.
- allowed users to seamlessly scroll to specific sections upon clicking navigation links and maintaining optimal responsiveness for a streamlined user experience.

Image Search Engine (**HTML**, **CSS**, **JavaScript**) Live-Link Github-Link

- Fetching Images from an API, ensuring dynamic and up-to-date images for users.
- Implemented a user-friendly search feature, enhancing accessibility and facilitating efficient image discovery.
- Integrated a "Load More" button for seamless browsing, allowing users to effortlessly load additional images with a single click.
- Enhanced user experience by including a download button, enabling users to easily download their desired images for personal use.

EDUCATION

B-tech in Computer Science, KMBB College of Engineering and Technology, Odisha, India   2020-2024
Score: 7.6 CGPA
